Report:

2019 Chapter Achievement Award
As you all were made aware, the Chapter has received the 2019 Chapter Achievement Award for 2019 from APA Chapter President’s Council. This award recognizes the overall achievements of a Chapter. I am extremely grateful for the current and past leadership we have here in Texas. This is a great accomplishment that should be shared among everyone. There is no question that APA Texas sets the standard for APA. I have told people that while I put the application together, many of the successes we are celebrating today are a product of the foundation Wendy Shabay and Kim Mickelson set during their terms. I am lucky to be following these two amazing leaders.

The Chapter will be recognized at the NPC Awards Luncheon in San Francisco on Monday, April 15, 2019 from 11:45am-1:00pm in the Moscone West Convention Center. If you are going to NPC19, please make sure you reserve your free awards luncheon ticket when you register.

2018 State Legislative Summit
APA-TX was proud to host the first ever APA State Legislative Summit this past December in Austin. This Summit was focused on providing training to Chapter legislative liaisons prior to state legislative sessions. I wanted to again express my appreciation to the Texas Historical Commission for assisting our Chapter in providing conference space at no cost to APA. Along with me in attendance was Mike McAnelly and Chance Sparks. Chance also set up a lunch speaker, Texas Representative Richard Raymond of Laredo, and provided a presentation on hot planning topics in Austin. It is a great presentation that I’m sure he would love to share with you. We plan on bringing down Jason Jordan of APA National to put on an advocacy workshop at our Chapter Conference in Waco.

Conference Coordinator Appointment
The Chapter has had a vacancy in the Conference Coordinator leadership position since 2017. Since that time, I have assisted Mike in putting together the conference along with some fantastic volunteers from the local host committees. In addition, Angela Martinez has served somewhat of an assistant to Mike and Claudia during the conference over the past few years. Angela has also previously served as Conference Chair and Programs Chair on the local host committee and understands the conference finances with her experience has Chapter Treasurer. Angela is term-limited and is not able to run for Chapter Treasurer next year, so I have decided to appoint Angela as Conference Coordinator for the Chapter. This appointment is immediate so that we can bring Angela in for Waco as we transition, and she will be ready to lead for APATX20 in El Paso. This position is a member of the Chapter Board of Directors and Executive Committee. Please help me by thanking Angela for taking on this important role!

Diversity and Inclusion Survey
Wow, we have never had the success in membership participation as we did with the Chapter’s Diversity and Inclusion Survey. Over 630 Chapter members completed the survey. A huge thank you to Shannon Van Zandt of Texas A&M University for helping facilitate and collect the data – and to AJ Fawver for leading the charge as Chair of this committee. We have tons of great data that was collect as part of this initiative. Shannon and her team at Texas A&M will develop a major findings report for the Chapter in the coming months.
New Membership and AICP Welcome Letters
Over the past few months, Fred Lopez, Chair of the Membership Committee, has developed welcome letters that will be sent out on a regular basis on behalf of the Texas Chapter for both new APA members and new AICP members. These letters provide references to our Chapter’s resources, including our Chapter Conference and other APA initiatives like APA Learn, which can assist new AICP members with obtaining CM credits. Thank you to both Fred Lopez and Heather Nick for putting these together.

2019 Great Places in Texas
Nearly 20 nominations were submitted for the Call for 2019 Great Places in Texas (GPIT). The Selection Committee will be meeting on February 1 to deliberate and decide the recipients. The announcement of the recipients will likely take place in April. The Chapter expanded the Committee this year to include some of our partner organizations, such as the Texas Public Health Association and Texas Historical Commission. See names below of the Selection Committee:
- Heather Nick, AICP - City of Tyler (previous GPIT designee, Section/State Board member)
- Luis Cutaia, AICP - Walter P. Moore - Houston (Section Board Member/EPL Representative)
- Melissa Oden - Past President of Texas Public Health Association (Partner Organization)

NPC19 Reception in San Francisco – Save the Date
The Annual Texas Chapter Reception at NPC is going to be better (and bigger) than ever. The Texas Chapter will be joining other APA-Region III Chapters of Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, and Tennessee to put on a joint reception. This reception will take place at Kells Irish Pub – 530 Jackson Street in the San Francisco Financial District on Monday, April 15, 2019 from 7-9pm. Appetizers and drink tickets with a cash bar will be available. Following our Joint Chapter Reception will be the Annual Chapter President’s Council Reunion and Dance Contest. Can Wendy reclaim her dance contest winner title? [Registration for NPC19 is still open.]

Consolidate Election Process
March 1 begins the consolidated election process for the Chapter, Sections, and National leadership positions. I emailed the election timeline to Section Directors and Director-Elects, which is also attached to this report. The Chapter’s Officer nominating Committee has been appointed and will nominate two or more candidates to run for the positions of President-Elect, Treasurer, Secretary, and TML Representative. If you have any interest in running for one of these positions, please contact one of the nominating members below:

New Leadership Orientation and Onboarding – November 8 in Waco
The Chapter will host a new leadership orientation, immediately following the conclusion of the Chapter Conference, in Waco on Friday, November 8, from 3:45pm-5:30pm. We will invite all new Chapter and Section Officers to join us for this training that will cover the nuts and bolts of being in a leadership role for both the Sections and the Chapter. If you are moving into a Past Director role or are planning on running for a state or section leadership role, please put this on your date on your calendar.
Congratulations, you made it to page 3 of my report. Thank you for taking the time to read through this report. Please text me at 214-801-7792 and let me know you “Got to Page 3” and I’ll reward you with a Starbucks Gift Card.

**APATX19 Planning Underway**
A lot of great speakers and activities are already being finalized for APATX19. Check out the new conference website at [www.APATX19.com](http://www.APATX19.com) to see what is going on so far. The Call for Sessions will open on February 15. If you have an interest in serving on the Conference Committee, just email me at [president@apatexas.org](mailto:president@apatexas.org). The local host Chair is Clint Peters with the City of Waco.

**APATX19 Schedule Adjustments**
As identified in our Action Plan, we are continuously looking for ways to improve the conference structure. This year, we will be testing a few new items out, which include:

- Removal of the Friday afternoon (3:45-5:15pm) sessions due to low attendance and speaker desirability
- Addition of at least four Wednesday afternoon pre-conference workshops, both free and paid workshops
- Paid special feature workshops during the breakout sessions

The paid workshops will be $15-$20 and revenue will be used to assist the Chapter in bringing in a speaker.

**APATX19 Conference Sponsorship Package Update**
Mike McAnelly, Christina Sebastian, Angela Martinez, and Rob Rae (Sponsorship Chair) met earlier this month to discuss refinements to the Sponsorship Package. Two significant changes are noted below:

- For Annual Platinum and Gold Sponsors, there will now be an Annual Platinum – Municipal and Gold – Municipal Sponsorship options. The difference with Municipal Gold and Municipal Annual Platinum is that they will come with complementary registrations for Commissioners. An Annual Platinum Municipal sponsorship will come with 4 complementary registrations for Commissioners and a Gold Municipal sponsorship will come with 2 complementary registrations for Commissioners. This is an attempt to encourage more Commissioner to attend the conference.
- In addition to general sponsors, there will now be options to sponsor specific events like Mobile Workshops or the Leadership Forum, or special events like a boat ride on the Brazos during the Opening Reception.

**Chapter Awards Program Continues Improvements**
Following a vote to amend the Chapter Awards last year to align with National, the Chapter Awards Program is continuing to be refined. First, you can check-out the cool new Chapter Awards website here to learn more about the Chapter’s awards and criteria: [https://www.apatx19.com/chapter-awards](https://www.apatx19.com/chapter-awards). Next, the Chapter Awards payment will be going electronic! Last year, we made the transition of moving award submittals completely online, so we are continuing improving by now having electronic payments by credit card. Lastly, we are participating with APA Ohio on an Award Review Swap. We will be reviewing the APA Ohio Awards and APA Ohio will be reviewing our awards. This helps remove any perceived bias on projects as they will be voted and selected on by another APA Chapter. If you have interest in reviewing the APA Ohio awards, please contact me at [president@apatexas.org](mailto:president@apatexas.org). Big thank you goes out to Claire Hempel who has led the charge to restructure the Chapter Awards Program. The Call for Chapter Awards begins on April 1.

**Planning Excellence Recognition – Online Submittal/Payment**
We are now evaluating moving the Planning Excellence Recognition to an online submittal platform with electronic credit card payment to make it easier for cities to participate with the program. We will keep you posted as we progress with this effort. The Call for Planning Excellence begins on May 3.

**2020 FAICP Fellows Nominations**
The Chapter has kicked off the process for nominating Fellows for the 2020 Class. Craig Farmer, FAICP, who has headed this process up in the past, has volunteered to serve as the Chair of the nominating committee. Mike and I are still working to put the committee together, and these members will assist those nominees in preparing an application. Nominations are due October 10, 2019.
Partnerships

Within the Chapter’s Action Plan, we have several actions that relate to building partnerships. Over the past month, I have had the opportunity to meet with both the ASLA and AIA Texas Chapter Presidents and share some ideas of how we can strengthen our partnerships. I have also reached out to our Texas AARP representative.

As you saw above, we noted several of our partners will be assisting us in reviewing Great Places in Texas nominations. In addition, we plan to offer a “Partner’s Track” at the Chapter Conference which will feature sessions from AIA, ASLA, TPHA, etc. ASLA has offered us two comp registration tickets to their conference and in return we have done the same. We are attempting to set up this same agreement with TPHA, who we have worked closely with over the past few years. Our Sections do a great job with partnerships, so I am hoping we can begin to cultivate relationships with our state allies.

Here are some important dates for the state conferences of AIA, ASLA, and TPHA:

AIA has issued a Call for Sessions, which can be found here: https://texasarchitects.org/2019-design-expo/
Their Annual Conference will be in Galveston on October 24-25, 2019

ASLA will host their Annual Conference in Irving on April 24-26, 2019. Registration is now open for this conference: https://www.texasasla.org/mpage/2019Conference

TPHA will host their Annual Conference in San Antonio on March 18-20, 2019. Registration is now open for this conference: https://www.texaspha.org/page/TPHAAEC

E. Treasurer’s Report: Angela Martinez

1. Financial Status Report for Chapter and Section Accounts

   Angela reminded everyone to notify Mike and her when making a purchase over $150. She also reported that the second FY18 disbursements will be made today.

2. FY2019 Adopted Budget (ATTACHMENT E-1)

   Angela reported on the FY2019 budget: $5,000 savings set aside for the 2020 National Planning Conference reserve account. They also added funds for EPL activities, Planners Day at Capitol, miscellaneous travel (to be approved by EC), and marketing travel, AICP training.

F. TML Representative’s Report: Christopher Looney, AICP

Christopher Looney reported that the Texas Municipal League is in the process of revising structure, Municipal Policy Summit was held in August where cities and affiliates discuss positions on policies. The TML Resolutions Committee met at the TML conference last week. Cities and Affiliates can submit legislative programs to the Resolutions Committee. Our participation at the TML Conference (a session and expo) went well.

Dave Gattis commented that we used to sponsor a one-day workshop day before conference - somewhat like the Short Course, which might help reach out to smaller cities. Christopher Looney commented that could also be held another time within the TML conference.

G. Section Director’s Report: Gary Mitchell, AICP

Gary Mitchell discussed highlights from the Section Directors’ Reports: many good partnerships, educational activities, regional workshops, as well as activities in large, spread-out Sections.

H. Board of Directors Committee Chair Reports

Doug McDonald discussed how reports from nine different committees are available in the packet, which are: PDO report; Membership committee; Diversity and Inclusion survey

I. APATX Business and Action Items

1. Modification of Texas Planning Awards Program Categories (ATTACHMENT I-1)

Doug McDonald discussed how the Chapter is working on aligning our awards with National to allow people to submit the same application to National as well as aligning timing so announcements are out in time to apply for National. Sections could also adjust to do the same thing. Wendy Shabay recommended that awards committee provide recommendations for projects that really excel. She also noted that National is very interested in seeing implementation status, so applicants could hold off on submittal to National for a year or two to allow more implementation info to be provided. Review committee could provide mentorship or comments to awardees on National-worthiness.
Kim Michelson made motion to approve modification of the Texas Planning Awards Program Categories as presented in the packet. The motion was seconded by Fred Lopez and passed unanimously.

2. Authorization of Amendment to APA Texas Bylaws as required by Article XIV, Section 14.2 (ATTACHMENT I-2)

Chance Sparks discussed the proposed amendments to the Chapter bylaws. Changes include general clean up, matching the language to National, Section funding, continuation of officer terms in regards to term-limits and no one runs against them as well as what happens if leadership moves out of Chapter, language about TML Representative responsibilities, and PSO and faculty representative selection, among others.

Gary Mitchell commented that section 6.5 says the Board of Directors must approve changes to Section bylaws - he proposes changing that to Executive Committee, since they meet more often.

Gary Mitchell motioned to approve the amendment of the Chapter bylaws with the additional change in section 6.5 from Board of Directors to Executive Committee to approve Section bylaws. The motion was seconded Dave by Dave Gattis.

Tamara Cook questioned section 4.6, proposing to remove the word “libraries” so it refers to just general universities.

Gary Mitchell amended his motion to add the change of removing the word “libraries” from section 4.6. The amendment was seconded by Dave Gattis. The motion with amendments passed unanimously.

Note: the new bylaws must be sent out to Chapter membership for final approval. And to National?

3. Authorization of Amendment to Section Bylaws for Central, East, Houston, North Central, Northwest, Midwest, Southmost, Southwest, and West Sections as required by Article IV, Section 9.2 of Section Bylaws (ATTACHMENT I-3)

Gary Mitchell discussed the effort to create uniform Section bylaws to align with National, Chapter, etc. We need it in place for the next round of elections. There may be some additional changes needed, ie. Nomination committee process may be overkill at Section level. Director-elect, past format sets up term limits that might be challenging for some Sections. Discussion ensued regarding topics such as having additional officers written into bylaws as the draft bylaws have elected officers meant to match the Chapter officer structure - Doug commented the rest can be managed by the Section as they see fit. Need to keep a repository of bylaws and other documents with Chapter, and have documents uploaded to website. Kim mentioned importance of minutes and record-keeping for 501(c)3 purposes.

Tamara Cook asked what waiting for the Executive Committee means for timeframe for approval by membership. It would push back the timeframe.

A motion was made by Gary Mitchell to approve the Section bylaws model as in the packet today, subject to another round of comments and to come back to the Executive Committee in a future meeting. The motion was seconded by Kelly Porter.

Discussion was held regarding appointed positions to provide uniform bylaws and provide flexibility. Sections can still make changes to bylaws but we want the same base. Maybe there should be parts of the bylaws that can’t change. But all changes will come to the Executive Committee to discuss changes. Fred Lopez pointed out that uniform bylaws helps set up mentorship for Sections.

The motion passed unanimously.

4. Evaluation of AICP Code of Ethics Discrimination Policy (ATTACHMENT I-4)

Heather gave a summary of actions so far. She noted the request today is for action to authorize continued investigation and draft a letter for consideration by the Executive Committee.

Sylvia Vargas noted that the AICP Commission is updating the Ethics Code. Bonnie Johnson, who drafted the original Kansas letter, is part of the effort.

Doug McDonald asked if it would be helpful for us to submit letter to continue on path. Sylvia responded yes, any input is welcome, in regards to this or other topics. Probably good to coordinate with efforts - Jim Peters, Denise McCormick.

A motion was made by Dave Gattis to continue evaluation of the AICP Code of Ethics Discrimination Policy and to submit a letter for consideration by the Executive Committee. This motion was seconded by Richard Luedke and passed unanimously.

5. Consideration of Supplemental Compensation for Executive Administrator (ATTACHMENT I-5)

Mike McAnelly left the meeting.

Doug Commented how Mike McAnelly has been doing a great job as Executive Administrator, a position many other chapters don’t have. With a very successful 2017 conference, we have room in our budget for supplemental compensation. Mike both
organizes and runs the conference and plans regional workshops. Funds for supplemental compensation can be used to purchase items rather than provide cash.

A motion was made by Rebecca Pacini and seconded by Gary Mitchell to approve a budget amendment for FY2018 to increase sponsorship revenue by $3,500, increase contracted services expenses by $3,500, and approve supplemental compensation of $3,500 for Executive Administrator. The motion passed unanimously.

J. Other Committee Updates
   1. APATX18 Texas Chapter Conference Committee
      Mike McAnelly returned to the meeting. Angela Martinez and Mike McAnelly reported that registration was at 550 when online registration closed, with another 80 registered since. The opening reception was moved inside the San Luis hotel and the bike tour was cancelled due to weather. The Thursday event is different than previous years, with events planned throughout the Post Office District.

   2. NPC20 National Planning Conference Committee
      Kim Mickelson reported on the local host subcommittee. Shad Comeaux and Gary Mitchell are both on the committee. Asakura Robinson will be working on the Planner’s Guide to Houston, and the Houston planning department will be helping with mobile workshops. They will need many volunteers - 200+. Trying to help find funding for other people on planning committee to go to NPC19. She asked people to start thinking about local tracks which will be due next August.

   3. Hurricane Harvey Task Force
      Kim Mickelson reported that the task force has about 35 people and received some of the first grants from APA Foundation.

   4. APATX Officer Nomination Committee
      Doug McDonald commented that the officer nomination committee will be spearheaded by Chance Sparks. They will be including people from EPL on the committee. The Sections will also have elections in this timeframe. Nominations needed around April, with voting in summertime.

K. APATX Discussion Items
   1. Section Boundary Adjustment Study (ATTACHMENT K-1)
      Doug McDonald discussed how direction from the Central and Houston Sections is to not move forward with a boundary adjustment. A comment was made that in-between counties need attention from Chapter. Southwest would like Karnes. We should continue to increase communication between Sections and Chapter and provide opportunities to attend events wherever.

      A motion was made by Martin Zimmerman and second by AJ Fawver to put Karnes County in Southwest and Zapata County in Southmost. The motion passed unanimously.

L. New/Other Business
   1. 2021 Conference Location RFP
      Chance Sparks will be working on the 2021 conference location RFP. We could work on 2022 also but that comes with budget constraints since we often have to make payments upfront.

Item E – TML Representative’s Report

Submitted by: Christopher Looney, AICP

TML Board Meeting
TML’s most recent board meeting was held on December 7, 2018 at TML’s offices in Austin. The agenda is attached, but the agenda item most relevant to APA was the adoption of TML’s 2019-2020 Legislative Program. The program, also attached, was developed over the prior 6-plus month period through input from member cities and affiliates, and consideration through the League’s revised organizational structure reported on in our last meeting. This cycle, the League began consolidating related positions to minimize complexity and redundancy, streamlining the program. The League’s guiding principles for the 2019 session are:

• Vigorously oppose legislation that would erode the authority of Texas city officials to govern municipal affairs.
• Cities represent the level of government closest to the people. They bear primary responsibility for the provision of capital infrastructure and for ensuring our citizens’ health and safety. Thus, cities must be assured of a predictable and sufficient level of revenue and must resist efforts to diminish that revenue.
• Oppose the imposition of any state mandates that do not provide for a commensurate level of compensation, and resist any attempts to require cities to raise money for the state.

Anticipated Bills
TML staff noted that it may be a more moderate session than originally predicted. Results of the elections appears to have lowered rhetoric on anti-city bills. However, there are still some issues to deal with. There is an attempt to prevent cities from using taxpayer dollars to fund lobbyists. If approved, cities could no longer pay dues to TML. The legislators who support this effort state the taxpayers may disagree with the lobbyists’ positions, and therefore shouldn’t pay for it. But, this could be a response by legislators for TML’s efforts to protect its member cities.

Resources
TML has produced videos for use by members and affiliates. The videos are intended to educate the public on revenue caps. They point to how a city’s portion of local property taxes is less than the portion for schools, and sometimes even counties, however some legislators are blaming cities for high property taxes. The new tagline is “Our Home, Our Decisions”, which replaces “local control”. League Members and Affiliates are encouraged to use this new slogan because “local control”, while popular, may have negative connotations due to the term “control”.

The Texas Municipal League Legislative Program for 2019 – 2020

Introduction

City officials across the state are well aware of the fact that many significant decisions affecting Texas cities are made by the Texas Legislature, not by municipal officials.

During the 2017 session, more than 6,500 bills or significant resolutions were introduced; more than 2,000 of them would have affected Texas cities in some substantial way. In the end, over 1,200 bills or resolutions passed and were signed into law; almost 300 of them impacted cities in some way.

The number of city related bills as a percentage of total bills filed rises every year. Twenty years ago, around 17 percent of bills filed affected cities in some way. By 2017, that percentage had almost doubled to 30 percent. In other words, almost a third of the legislature’s work is directed at cities, and much of that work aims to limit municipal authority.

There is no reason to believe that the workload of the 2019 session will be any lighter; it may be greater. And for better or worse, city officials will have to live with all the laws that may be approved by the legislature. Thus, the League must make every effort to assure that detrimental bills are defeated and beneficial bills are passed.

The TML approach to the 2019 session is guided by principles that spring from a deeply rooted TML legislative philosophy:

- The League will vigorously oppose any legislation that would erode the authority of Texas cities to govern their own local affairs.

- Cities represent the level of government closest to the people. They bear primary responsibility for provision of capital infrastructure and for ensuring our citizens’ health and safety. Thus, cities must be assured of a predictable and sufficient level of revenue and must resist efforts to diminish their revenue.

- The League will oppose the imposition of any state mandates that do not provide for a commensurate level of compensation.

In setting the TML program for 2019-2020, the Board recognized that there is a practical limit to what the League can accomplish during the legislative session. Because the League (like all associations) has finite resources and because vast amounts of those resources are necessarily expended in defeating bad legislation, the Board recognized that the League must very carefully select the bills for which it will attempt to find sponsors and seek passage.

The Board considered approximately 50 initiatives that had been recommended by the membership-at-large. Each initiative was subjected to several tests:
• Does the initiative have wide applicability to a broad range of cities of various sizes (both large and small) and in various parts of the state?

• Does the initiative address a central municipal value, or is it only indirectly related to municipal government?

• Is this initiative, when compared to others, important enough to be part of TML’s list of priorities?

• Will the initiative be vigorously opposed by strong interest groups and, if so, will member cities commit to contributing the time and effort necessary to overcome that opposition?

• Is this initiative one that city officials, more than any other group, should and do care about?

The Board placed each legislative issue into one of four categories of effort. Those five categories are:

• **Seek Introduction and Passage** – the League will attempt to find a sponsor, will provide testimony, and will otherwise actively pursue passage. Bills in this category are known as “TML bills.”

• **Support** – the League will attempt to obtain passage of the initiative if it is introduced by some other entity.

• **Oppose** – the League will actively and vigorously attempt to defeat the initiative because it is detrimental to member cities.

• **No Position** – the League will take no action.

**Our Highest Priority: Oppose Bad Bills**

The Board determined that TML’s highest priority goal for 2019-2020 will be the defeat of legislation deemed detrimental to cities. As a practical matter, adoption of this position means that the beneficial bills will be sacrificed, as necessary, in order to kill detrimental bills.

**The TML Priority Package**

The Board determined that the TML Priority Package will include the following items in priority order:
1. Defeat any legislation that would erode municipal authority in any way, impose an unfunded mandate, or otherwise be detrimental to cities, especially legislation that would:

a. erode municipal authority in any way, impose an unfunded mandate, or otherwise be detrimental to cities.

b. provide for state preemption of municipal authority in general.

c. impose a revenue and/or tax cap of any type, including a reduced rollback rate, mandatory tax rate ratification elections, lowered rollback petition requirements, limitations on overall city expenditures, exclusion of the new property adjustment in effective rate and rollback rate calculations, or legislation that lowers the rollback rate and gives a city council the option to re-raise the rollback rate.

d. erode the ability of a city to issue debt.

e. erode municipal authority related to development matters, including with respect to the following issues: (1) annexation, (2) eminent domain, (3) zoning, (4) regulatory takings, (5) building codes, (6) tree preservation, and (7) short-term rentals.

f. erode the authority of a city to be adequately compensated for the use of its rights-of-way and/or erode municipal authority over the management and control of rights-of-way, including by state or federal rules or federal legislation.

g. require the reporting of lobbying activities beyond the requirements in current law; limit or prohibit the authority of city officials to use municipal funds to communicate with legislators; or limit or prohibit the authority of the Texas Municipal League to use any revenue, however derived, to communicate with legislators.

2. Passage of any legislation that would:

a. eliminate reauthorization provisions for the collection and use of street maintenance sales and use tax and authorize cities to reimburse themselves from sales and use tax collections for actual election costs required for tax implementation.

b. allow cities the option of using either an official newspaper or a website for the publication of legal notices.

**Support**

The Board voted to support legislation that would:
1. simplify the effective tax rate calculation for notice purposes only, provided the legislation would have no effect on either the underlying effective tax rate and rollback tax rate calculations themselves, or upon the hold harmless exemptions to those rates.

2. extend the sunset date for Chapter 312 tax abatement authority only if the business lobby groups whose members benefit from tax abatement agreements refrain from any support for harmful revenue and expenditure caps.

3. make beneficial amendments to the equity appraisal statute; close the “dark store” theory of appraisal loophole; and require mandatory disclosure of real estate sales prices.

4. authorize a council-option property tax exemption of a portion of the appraised value of property damaged by a disaster.

5. authorize a council-option city homestead exemption expressed as a percentage or flat-dollar amount.

6. support legislation that would convert the sales tax reallocation process from a ministerial process into a more formalized administrative process.

7. expand municipal annexation authority.

8. authorize a city council to opt-in to requiring residential fire sprinklers in newly constructed single-family dwellings.

9. expressly authorize any city to regulate and enforce building codes, including related permitting, plan reviews, inspections, and the collection of fees for theses and other necessary services, within its extraterritorial jurisdiction.

10. expand the applicability of Texas Local Government Code Chapter 43, Municipal Annexation, Subchapter F Limited Purpose Annexation, to all cities.

11. simplify processes, reduce unnecessary bureaucracy, and increase potential efficiency of the subdivision platting process.

12. allow for greater flexibility by cities to fund local transportation projects; amend or otherwise modify state law to help cities fund transportation projects; or provide cities with additional funding options and resources to address transportation needs that the state and federal governments are unable or unwilling to address.

13. provide additional funding to the Texas Department of Transportation for transportation projects that would benefit cities and provide local, state, and federal transportation funding for rail as one component of transportation infrastructure.
14. expand the use of public, educational, and government (PEG) fees to include operational and related costs associated with PEG channels, including federal legislation, and that would allow a city to choose to not receive the PEG fees.

15. in relation to municipal courts, allow a more equitable way of distributing court fines that would result a higher percentage of fines being kept local, where the laws are enforced, the court is held, and the fines collected.

16. provide additional appropriations for the Texas Veterans Commission and the Texas Workforce Commission skills for veterans initiative that dedicates state funding to address the training needs of veterans returning home and entering the Texas workforce.

17. in relation to federal transit funding: (1) clarify federal congressional intent of federal transit law to protect cities across the United States from being penalized due to a population drop suffered as a direct result of a natural disaster, retroactive to 2000; (2) explicitly state that only presidentially declared major disasters are covered, in accordance with the Robert T. Stafford Disaster Relief and Emergency Assistance Act (P.L. 100-707); and (3) protect federal transit funding streams for urbanized areas until the execution of the next decennial census.

18. increase funding for the Texas Intrastate Fire Mutual Aid System to $3 million annually.

19. allow a city to lower the prima facie speed limit from 30 to 25 miles per hour without the need for a traffic study.

20. restore funding to the TCEQ in the FY 2020-2021 General Appropriations Act for air quality programs in all near non-attainment communities.

21. establish that expenditures of Community Development Block Grant funds by cities are a governmental function.

22. extend the authority granted under Section 214.33 of the Local Government Code to all cities seeking to adopt and ordinance requiring owners of vacant buildings to register their buildings by filing a registration form with the designated municipal official.

23. require city consent before TCEQ is authorized to issue a standard permit for a rock crushing operation, cement crushing operation, or any similar activity that may be authorized under a standard air permit from TCEQ within the corporate limits or ETJ of a city. (Alternatively, or in addition, such legislation may: (a) authorize a city to restrict, prevent, or regulate the locating of such activities in the city’s corporate limits or ETJ in other manners, such as imposing minimum distance from such operations and schools, hospitals, churches, and residences; (b) require TCEQ to provide notice of applications for standard permits to cities for activities proposed in...
the city’s corporate limits or ETJ and require TCEQ to address any and all comments received from the City as required by Sec. 382.112 of the Texas Health & Safety Code; or (c) prohibit TCEQ from issuing a standard permit for activities proposed in the city’s corporate limits or ETJ unless the city verifies that the proposed in the city’s corporate limits or ETJ unless the city verifies that the proposed activity is authorized under the city’s zoning ordinance or comprehensive plan to locate at the proposed location.

24. grant cities the right to obtain information and the right to receive notice of incidents affecting public health from state agencies, especially when that information is vital to both the protection of the general public and first responders.

25. provide consistency and uniformity in the compliance deadlines and fees for compliance dismissals of Class “C” misdemeanors.

26. provide courts with access to TexasSure database to verify financial responsibility.

27. provide additional funding through the Municipal Court Building and Security Fund and the Municipal Court Technology Fund.

28. with regard to municipal ballot propositions, level the playing field for all participants.

Oppose

The Board voted to oppose legislation that would:

1. negatively expand appraisal caps but take no position on legislation that would authorize a council-option reduction in the current ten-percent cap on annual appraisal growth.

2. impose new property tax or sales tax exemptions that substantially erode the tax base.

3. limit or eliminate the current flexibility of the Major Events Reimbursement Program as a tool for cities to attract or host major events and conventions.

4. limit the type of incentives available to the city or that would limit any use of incentives by a city.

5. impede the city’s ability to manage long term planning, growth and development in a manner necessary to hinder or mitigate for potential flooding and to pay for city related costs, including preemption of annexation, tree removal, regulation of development projects, issuance of permits, and city spending.

6. erode municipal authority over billboards or place any unfunded mandate on cities relating to billboards.
7. further erode local control as it pertains to retirement issues.

8. substantively change or expand the scope of the current disease presumption law, unless doing so is supported by reputable, independent scientific research.

9. require candidates for city office to declare party affiliation in order to run for office.

10. eliminate any of the current uniform election dates.

11. impose additional state fees or costs on municipal court convictions or require municipal courts to collect fine revenue for the state.

12. alter the common law understanding of which topics are appropriate for the initiative and referendum process.

13. preempt city charter provisions relating to municipal ballot propositions.

14. restrict city authority to validate petition signatures.

15. restrict city authority to draft ballot propositions in such a way that reflects the full fiscal impact of the proposition.

16. restrict city authority to divide initiated questions to allow a vote on a single issue.

17. require preclearance of city ballot propositions by a state agency.

**Take No Position**

The Board voted that TML take no position on legislation that would:

1. standardize red light photo enforcement systems, so long as the underlying authority is not eliminated. (Further, the committee recommends that TML defer to the Texas Red Light Coalition on more detailed matters relating to revisions to red light camera policy.)

2. amend the affected provisions of the Texas Government Code relating to the Texas Municipal Retirement System to allow for greater flexibility in retiree pension increases and provide for a forgiveness provision for cities that stopped the regular repeating COLA payments without reference to a cost of living index.

3. relate to immigration matters, so long as it does not impose new and substantial unfunded mandates or unavoidable liabilities on cities.
Other

The Board voted that TML take the following additional actions:

1. seek the guidance of the TML executive committee in relation to tax abatement agreements should the “support” position included elsewhere in this program no longer encompass evolving scenarios.

2. take no position on Wayfair-related legislation that impacts local sourcing of sales and use taxes, but seek the guidance of the TML executive committee to address any unforeseen issues concerning the statewide implementation of the Wayfair decision.

3. concur with the legislative program of the Texas Recreation and Park Society, but disapprove the provision in that program relating to prohibiting firearms at certain types of city events.

4. work with the City of Leary on legislation that would reduce cost drivers for small city audits, so long as appropriate statutory safeguards remain in place.

5. with regard to economic development: (1) take no position on legislation that would broaden the authority of Type A or Type B economic development corporations; and (2) oppose legislation that would limit the authority of Type A or Type B economic development corporations statewide, but take no position on legislation that is regional in scope and that is supported by some cities in that region.

6. support the Texas State Library and Archives Commission and the work it does to advance fundamental and diverse state interests and respectfully request that the Texas Sunset Commission recommend reauthorization of the Texas State Library and Archives Commission so that it may continue its essential work on behalf of all Texans.

Item G – Professional Development Officer’s Report

Submitted by: Richard Luedke, AICP

A verbal report will be given to the Executive Committee at the meeting.
A. Background Information:

The APATX Board of Directors, during its last meeting on October 17, 2018, approved an interim version of uniform Section bylaws. This included an amendment offered by the Sections Representative to modify Section 9.1 so that, going forward, the APATX Executive Committee rather than the full Board will review and approve proposed Section bylaws and amendments to Section bylaws. The Board discussed and acknowledged that the Sections Representative and other Section Directors would continue to work through further potential edits to the uniform Section bylaws to address additional questions and issues raised. The newest iteration for consideration by the Executive Committee shows, with underscores and strikethroughs, the further edits made.

Pending Executive Committee approval, the next step will be for each Section’s Executive Board to vote to replace their existing bylaws with the new bylaws model and put the matter to a ratifying vote of the Section membership in accordance with bylaws Article IX. APATX will assist the Sections to conduct this simple Yes/No vote electronically via Survey Monkey, accompanied by the proposed new bylaws and summary explanation. These steps need to be completed expeditiously in the next few months ahead of the statewide and Section officer elections process that occurs in coordination with APA National into the summer months.

B. Details: (include additional pages if need)

The attached newest iteration of the uniform Section bylaws includes accompanying commentary on the more significant proposed changes. Also included is a new Article XI, Provisions Unique to Section, as the intent is that individual Sections may consider adding other bylaws provisions particular to their Section (now or in the future) but should not modify the model provisions for all Sections in the preceding Articles.

Thanks and kudos to APATX Secretary Christina Sebastian for preparing the up-to-date Section maps needed for Addendum A to the new bylaws.
C. Action Needed Today:
   Authorization of Amendment to Section Bylaws for Central, East, Houston, North Central, Northwest, Midwest, Southmost, Southwest, and West Sections.

Provide education, training and networking opportunities and resources for planning students, practicing planners, and elected and appointed officials on sound planning practices, innovative concepts and ethical reasoning.

Commented [G1]: Note that questions arose about certain terms used in the bylaws (e.g., member in “good standing,” a “qualified” member, and “business” meeting). These terms are carried over from the APATX bylaws and presumably from APA National, so clarifications should be sought as needed from the APATX Executive Administrator.
ARTICLE III. MEMBERSHIP

3.1 Section Members. A person who is a member of the Chapter and whose official mailing address, as maintained by APA, is in territory included in the Section boundaries shall be considered a Section Member. If the Director-Elect position is vacant for any reason prior to the next regular officer elections, then the person holding the office of Director may run for re-election. If the person is re-elected as Director, then the person serving as [Commented [G2]: The new Section 5.4 is intended to provide flexibility while maintaining the uniform set of officer positions identified in Section 5.3. Section 5.4 provides options if a smaller Section—or even a large Section—and difficulty filling all of the identified officer positions. In particular, if a next Director is not in waiting because no one stepped up for the Director-Elect position, then the current Director may run for re-election. The earlier draft effectively imposed a one-term term limit on the Director by moving up the Director-Elect after one term and moving the Director into the Immediate Past Director position. The new 5.4 also spells out that current holders of the Secretary and Treasurer offices may run for re-election.]

If we choose to adopt and create a best practices guideline I would like to request that the APATX conference committee and/or the entire APATX Board review the draft best practices by the next board meeting so that we can start planning LP for APATX19, Waco.

D. Attachments: Draft Legacy Project Best Practices
Draft Timeline:

12 Months
- Start researching potential LP topics based on APATX conference locations
- Discuss potential topics during a APATX Board meeting

- Vote/ select LP Topic
  - Maybe this can be done internally on the Board or in partnership with last year’s LP PSO Committee via Doodle Poll/Monkey Survey
- Select which Planning Program (i.e. UT-Arlington, UT-Austin, UT-San Antonio, Texas Southern University, and Texas A&M University) will Chair the PSO Committee
- Reach out to selected PSO Chair
- Send PSO Chair LP conference packet (i.e. check list of items that the PSO Committee and hostig university will be responsible for before, during, and after the conference).
- PSO chair should contact all the Texas PSOs to organize PSO Committee logistic and roles

6 Months
- PSO Committee should meet in person or over the phone with the APATX Conference Committee to discuss LP topic and deliverables
- PSO Committee may consider meeting with the stakeholders in the community, if appropriate
- PSO Committee will submit first draft of SOW for LP Topic and LP format
- APATX Conference Committee and/or PSO Committee should collect any necessary data sets for the project

4 Months
- PSO Committee will present final draft of the LP SOW for review by the APATX Conference Committee
- PSO Chair will send the LP SOW to all the planning program in the State of Texas
- Confirm participation of planning programs in LP
- Complete marketing for LP project and student volunteering (e.g. flyers, #, webpages, program description, volunteer sign up sheets etc.)
- SOW, available data sets, volunteer sign up/information, and conference information should be posted on the APATX website PSO page
- APATX will advistize the LP SOW on the APATX website and on its social media platforms

- Participating PSO teams must advise number of team members participating
- Select space at conference to host LP presentations
- Reach out to Planning Programs and PSOs to set up exhibitor space at the conference
- Request/order any necessary AV equipment or additional materials for LP event(s)
- Reach out to potential LP judges
- Confirm judges and send judges SOW (underscore the grading rubric in the SOW)

2 Months

Day of LP Presentations /Award Luncheon
- Room setup and AV support for setting up projectors
- Have group of APATX members including EPL promote, monitor and tally voting
- EPL announces winner at luncheon

Draft Best Practices
Mentorship/ APA Support
- Conference Committee needs to email Student Committee and identify who is in charge (which school is leading the LP)
- Elect one person from conference committee to chat with PSO Committee and/or chair weekly or biweekly for LP updates and to address items needed from APA
  - This could be the EPL

Budget
- Determine the budget for the PSO Committee
- Share expense reimbursement form with conference committee (should be bundled into LP Packet)

Scope of Work
- Choose date to meet to establish SOW, deadlines and committee assignments
- Identify local planners and community members associated with the project who may help share data/information and who could serve as judges for the LP
Student Committee

- Create Contact List
- Create shared communication platform for PSO Committee (i.e. shared Google Drive)
- Share list with conference committee and APATX communications chair
- APATX conference volunteer recruitment and volunteer assignment management
  - Someone from the APATX Conference Committee and/or the EPL should help students manage the volunteer assignments before and during the conference

Voting

- Determine how voting will be conducted (i.e. ballot, online)
- Create marketing for voting (i.e. emails, social media, flyers, #, webpage)
- Ask APA to print any marketing materials
- Work with conference committee, APATX communications chair and president to promote voting
- Have link or QR code in the brochure for voting
- Highlight voting and the LP on the main page of the APATX conference

Prizes

- Prizes should be listed in the SOW
- There needs to be a maximum (i.e., no more than 10 $25 gift cards)
- Consider alternatives to gift cards (e.g. donations to the PSO, funding for national conference)
  - Consider ordering prizes after the winner is determined (I think we ordered too many gift cards last year)

Judges/Judging

- Determine judges in APA and outside of the APA ASAP so that you can coordinate schedules during the conferences
- Prep thank you cards for any judges
- Create grading rubric for any presentations and/or visual projects (this should ideally be in the SOW)
- Send judge grading rubric, SOW, and project ASAP

PSO Teams

- There is no maximum number for the teams but there is a max for prizes
- Need to tell APATX Conference Committee how many students are participating per team ASAP
- Teams can be interdisciplinary
- Teams may include undergraduate students, graduate, and Ph.D students
- There needs to be at least one Masters Planning student on each team

Presentations

- Need to determine time limit (presentation and questions)
- Need to determine presentation format (e.g. interview panel, poster presentation, debate)
- Pick a time to present so that more APA members can attend and so that students can attend sessions
  - Consider hosting this during one of the night events
- Send personal invitations to the APATX Board
- If possible, display presentation in the student exhibitor space, which should be in the conference exhibitor space

Agenda Item No. H-3

Agenda Topic: PSO Grant Policy
Action Item: ✓ Yes □ No

Submitted by: Mike McAnelly, FAICP, Executive Administrator

A. Background Information:
The Chapter has an existing policy of awarding a $500 annual grant to the Planning Student Organization at each collegiate school of planning accredited by the Planning Accreditation Board at Texas Universities. Accredited programs currently include UT-Arlington, UT-Austin, Texas A&M University, and Texas Southern University. For 2017-2019, a PSO grant was also awarded to UT-San Antonio which had submitted its application and was actively pursuing PAB accreditation. The PAB denied the application for accreditation of UT-San Antonio in November 2018. A planning program that is denied accreditation must wait at least one year following the PAB decision before it can reapply for accreditation. Should the Chapter Board reconsider its policy for awarding grants to Planning Student Organizations at Texas Universities?

B. Details:
The existing policy is intended to encourage and reward students at PAB accredited planning programs at Texas Universities.

PAB Accreditation
Four (4) Texas universities currently have PAB Accredited planning programs: UT-Arlington, UT-Austin, TAMU, and Texas Southern).

Association of Collegiate Schools of Planning (ACSP) Membership
Six (6) Texas universities are members of ACSP: UT-Arlington, UT-Austin, UT-San Antonio, Texas A&M, Texas Southern, and UNT.

PSO Registration with APA
PSOs must register with APA each academic year. Each PSO must have a Student Representative (who must be an APA Student Member) and a Faculty Adviser. Terms last September thru the following August.
Three (3) PSOs are currently registered with APA: UT-Arlington, UT-Austin and Texas A&M. Other PSOs need to register with APA.

C. Action Needed Today:
Reaffirm and continue the Chapter’s existing policy for awarding annual PSO grants to PAB accredited planning programs.

- APA’s annual cost for accounting services was $2,800 in 2018.

**Conference Management and Registration Services**
- APA is the largest Affiliate conference, other than TML’s own Annual Conference.
- The estimated cost to the Chapter for reimbursing TML is $10,000 for managing this event, plus direct conference expenses such as postage, food and beverage expenses, and staff travel expenses. (261 hours at $37 per hour)
- APA’s estimated cost for providing conference registration services for APATX19 Waco is $11,200.

C. Action Needed Today:
- APA should continue its use of association management services by APA National and Chapter.
- Utilize TML knowledge and experience in selecting and negotiating with large convention centers for choosing a venue for APATX2021. Undertake a conference RFP process for the 2021 APATX conference location.
- Explore use of a Conference App (such as Trip Builder) and utilize TML knowledge and experience for Introducing a Conference App for the APA Texas Chapter Conference.

Agenda Item No. H-5

Agenda Topic: APA Conference Registration Services

Action Item: ✓ Yes □ No

Submitted by: Mike McAnelly, FAICP, Executive Administrator

A. Background Information:
APA is revising their price structure for conference registration services, which will increase our cost for using APA conference services. The net increase for managing conference registration will increase from $3.50 per person, resulting in an increase of about $19.60 per person (early registration). Our total cost for conference registration services will increase from $5,990.00 in 2018, to $11,210 in 2019, for a net increase of $5,220. The adjusted pricing reflects the cost for APA staff salaries and bank services.

B. Details:
- APA provides the following conference registration and financial management services:
  - Creates on-line registration system for members, non-members, students, life members, and speakers to register on the APA website and Texas Chapter website
  - Verifies registrant status using APA membership records
  - Prepares custom on-line registration form for conference events
  - Processes paper registrations for persons unable to complete on-line registration
  - Produces name badges and event tickets for all individual registrations
  - Processes credit card payments for on-line registration
  - Processes refund requests received in advance of the cutoff date
  - Provides weekly reports upon request for registrations and revenue received
  - Disburses revenue received from on-line registration In scheduled payments to the Chapter
- TML recently quoted us a price of about $10,000 for providing conference management and registration services.
- This is the first time that APA has adjusted their conference registration fees in longer than 10 years.
- APA interaction with membership records provides significant benefit for conference registration.
- Increased cost can be absorbed in conference expenses.

C. Action Needed Today:
Approve continued use of APA Conference Registration Services for APA Texas Planning Conference.

$5,990.00 2018

$11,210.40 2019

- $5,220.40 Increase per conference
A. Background Information:
- At the 2017 Frisco Conference, EPL provided free headshots for attendees. This was largely popular with students and young professionals, and we would like to do it again in Waco.
- This year’s conference will mark the 6th Annual Leadership Forum put on by EPL. We would like to try something new this year to provide a unique experience for attendees.

B. Details:
- The cost of paying a photographer to provide headshots during the conference is $2,500. Paying for this service is part of a possible sponsorship package, however, we would like to get the funds approved now to be able to book it in advance.
- Jay Mathis of Mathis Training & Development is based out of Waco and would be a great facilitator of this year’s Leadership Forum. The cost of a two-hour session with him is $1,000.
- With the amount EPL is currently budgeted, there is only $200 extra for other programming activities such as these. We would need the support of the Executive Committee to make up the extra $3,300 difference.

C. Action Needed Today: Approval of additional $3,300 in funds for EPL for 2019 programming

A. Background Information:
   ▪ The FY2019 Chapter Budget was approved on 06/01/2018
   ▪ Any modifications to the budget will need to be discussed and voted on to revise the FY2019 Chapter Budget.
   ▪ Revisions to the FY2019 Chapter Budget include increasing National Chapter Grant Income (dues rebate), officer travel expenses, and EPL activities.

B. Details: (include additional pages if needed)
   ▪ National Chapter Grant Income (dues rebate) – due to the increase in membership dues, the Chapter is receiving more funds. We are proposing to increase the income for the dues rebate by $8,000 (from $71,500 to $78,500).
   ▪ Officer travel expenses – our executive officers have recently had some job changes. Due to these changes, we must wait a year for their employer to fund travel expenses for APA if at all (public agency vs. private company). Since this is an election year, our President-Elect, Chance Sparks, will be traveling with our current President, Doug McDonald, to Washington DC for the Policy and Advocacy Conference and National Conference in San Francisco to meet all the players in our organization.
      ➢ We propose to increase the Officer’s (Past Pres, Pres Elect, Sec, Treasurer) travel budget by $2,500 (from $5,500 to $8,000).
      ➢ We propose to increase the President’s travel budget by $500 (from $5,000 to $5,500).
      ➢ We propose to add Legislator travel budget for $2,500. All Legislator travel is for FAICP and/or AICP members to testify on bills brought to legislation. All travel expenses MUST be approved by the Executive Committee prior.
   ▪ EPL – We propose to increase the EPL budget by $1,500 ($1,500 to $3,000). EPL will work to obtain sponsorship for the remaining $1,800 to cover all expenses. Should EPL be unable to obtain sponsorship, the Chapter will revisit increasing EPL’s budget for the additional expenses, specifically the headshots at the 2019 Waco Conference at the August Board meeting.
   ▪ These increases will be covered due to the increase from dues rebates without disruption to the Section Grant approvals for FY2019.

C. Action Needed Today:
   ▪ Approve the budget increase for National Chapter Grant Income (dues rebate), officer travel expenses, and EPL activities.

1/24/2019 11:29 AM  FY2019 Texas Chapter APA Budget_AMENDED_v3 2 of 2
A. Background Information:
The Chapter provides travel funds for members of the Executive Committee. The Chapter President-Elect shares travel funds with the Chapter Past President, Treasurer, and Secretary. The Chapter’s Travel Policy (attached) outlines what travel funds can be used for, including, but not limited to hotel costs, onsite travel costs, and airfare. The Policy requires a separate vote by the Executive Committee to fund conference registration.

B. Details:
Due to Chance’s recent job transition, I would like the board to consider reimbursement of the NPC19 conference registration for Chance. Chance was not able to attend NPC18 in New Orleans and will need to attend this conference to shadow Doug McDonald during the Chapter President leadership meetings. His new employer had not budgeted this expense for him to attend prior to his hire. The cost for registration is $735.00.

C. Action Needed Today:
Approval from the Chapter Executive Committee to reimburse Chance Sparks for registration costs related to the 2019 National Planning Conference.

D. Attachments:
Chapter Travel Policy
Texas APA Travel Reimbursement Policy

The Board of Directors of Texas APA recognizes that board members, officers and committee members may be required to travel or incur other expenses from time to time to further the missions of this non-profit organization. The Texas APA Chapter will budget funds each year to assist officers in covering travel expenses to attend certain meetings and events. Individual Sections should not use Chapter disbursements for travel expenses for their members.

The Chapter cannot budget sufficient funds to cover all travel expenses for all officers, board members and committee members to attend all meetings and events. The intent of the Chapter is to defer some expenses so that individuals are not excluded from attending important meetings. The Chapter will still depend on the ability of the leadership to find additional resources either through employers or personally to help pay for travel expenses as much as possible.

1. Eligible Officers. The following officer positions will be eligible to receive travel reimbursements:

A. Background Information:
The Chapter has received a grant from the Chapter President’s Council to produce a video for NPC20 Houston with Great Places in Texas Spokesperson Chet Garner, featuring all the Great Places in America Houston designees. This video was planned to be filmed immediately following the APATX18 conference in Galveston, but had to be rescheduled due to weather.

This video will feature Chet Garner and Wendy Shabay, the Region III Director serving on the National Board of Directors. Initially, the hotel and travel costs were going to be absorbed with the APATX18 conference costs, but due to the rescheduling, Chapter President Doug McDonald is requesting reimbursement of up to $400.00 for Wendy Shabay to travel to Houston. This includes airfare, transportation, and hotel costs for one night.

Within the Chapter’s budget, the Board of Directors approved a line item of $2,500 for miscellaneous travel. I request Wendy’s travel to be funding within this line item. Expenses from this line item require a vote of approval from the Executive Committee.

C. Action Needed Today:
Approval from the Chapter Executive Committee to reimburse Wendy Shabay for travel expenses related to the video shoot for NPC20 with Chet Garner.

A. Background Information:
The Chapter has been working with CityLab High School in Dallas, Texas to help secure a keynote speaker for the CityLab Summit on March 29, 2019. CityLab High School is a new Dallas ISD Choice School that focused on architecture, urban planning, environmental science, and community development. At this school, students learn from teachers and professional practitioners from the fields of architecture, urban planning and public policy.

Bill Dahlstrom, FAICP and Ann Bagley, FAICP are both members of the CityLab Foundation Board and are working on developing a new planning curriculum for the high school.

B. Details:
The Chapter would like to assist with the summit by sponsoring the speaking costs and travel for Keynote Speaker, Mitchell Silver. Mitch has been commissioner for the New York City Parks Department since May 2014. Previously, he served as chief Planning and Development Officer and Planning Director for the City of Raleigh, North Carolina. He was president of the American Planning Association between 2011 and 2013. From those who have heard Mitch speak, he is inspiring and will be a great advocate for city planning for these high school students. This event will be open to the public.

Speaker and travel costs are estimated to be approximately $3,500. Ann Bagley, FAICP, has graciously volunteered to donate $500 towards this fee. The North Central Section has also voted to assist by contributing $1,000 towards this fee.

I am requesting the Chapter to allocate a maximum of $2,000 to assist with the CityLab High School Program.

C. Action Needed Today:
Approval from the Chapter Executive Committee to allocate a maximum of $2,000 towards costs and travel for Mitchell Silver for the Keynote Speaker at the CityLab High School Summit.

A. Background Information:

It was brought to the attention of the Texas Chapter via the Kansas Chapter, that the Code of Ethics, Rules of Conduct simply states, “We shall not unlawfully discriminate against another person”. The Kansas Chapter also collected Code of Ethics from other allied professions. They discovered that several had recently updated their codes to prohibit discrimination. For example, the American Institute of Architects (AIA) Code of Ethics and Professional Conduct includes the following rule, “Members shall not discriminate in their professional activities on the basis of race, religion, gender, national origin, age, disability, or sexual orientation” (AIA, 2018). The Kansas Chapter submitted a letter to the American Institute of Certified Planners (AICP) Commission requesting an update regarding discrimination to the Code of Ethics. They requested that the Texas Chapter consider sending a similar letter in support of the amendment.

B. Details:

I was tasked with researching this topic, including contacting leaders within the American Planning Association (APA) to determine if any individuals or groups were working on similar efforts related to the evaluation and amendment recommendations to the Code of Ethics.

Since our October Board meeting, I’ve learned that revision to the Code of Ethics is a priority issue identified by the Board of Directors and the AICP Commission. There is a knowledge-based governance task force which is in the process of completing a white paper related to the Code of Ethics. The white paper will allow the AICP Commission to provide guidance to a different task force on the desired direction of the update. During the upcoming winter retreat, the Commission will be reviewing an initial draft of the white paper.

According to Silvia E. Vargas, AICP, LEED AP, the follow-up task force, charged with drafting changes to the Code, has been identified but the individuals have not yet been ratified. She suggested that if the Texas Chapter is considering writing a letter to support the Kansas Chapter’s urging of changes, we do so quickly prior to the white paper’s completion and the follow-up task force confirmation. Silvia also provided additional contacts to voice our concerns and ask for guidance on how to proceed. She also suggested we consider an additional candidate to the follow-up task force as a liaison to the Chapter.

Additional Background/Research:

As stated in the opening paragraphs of our AICP Code of Ethics and Professional Conduct, “As Certified Planners, all of us are also members of the American Planning Association and share in the goal of building better, more inclusive communities”. Unfortunately, in most states, it remains lawful to discriminate based on sexual orientation and gender identity or expression. While local Human Resource policies may prohibit discrimination even if their State hasn’t made it an unlawful to do so, planners are questioning why our Code isn’t acting as our guide. Only 21 States and the District of Columbia prohibit discrimination based on sexual orientation and gender identity (see attachment) (Human Rights Campaign, 2019).
B. Details (continued):

In recent years, the APA has been proactively addressing equity and inclusivity. The APA Diversity and Inclusion Strategy, adopted by the Board of Directors in April 2018, sets forth an association-wide plan for how planners better promote the understanding and practices of diversity and inclusion both within and outside the planning community and profession. The following excerpt is included within the vision statement, “Diversity is an inclusive concept which encompasses, but not is not limited to, ethnicity, class, gender, age, sexuality, ability, educational attainment, spiritual beliefs, creed, culture, tribal affiliation, nationality, immigration status, political beliefs and veteran status” (APA, 2018). The Diversity and Inclusion Strategy includes several strategies and goals to support the vision and mission. Strategy 2 states, “Actively address barriers to and support the recruitment and retention of underrepresented peoples in the profession, the organization and among APA elected leadership” (APA, 2018). This strategy seems to support members desire to expand the prohibition to discriminate within the Code of Ethics.

APA Diversity Committee Chair, Miguel Angel Vazquez, AICP, stated that they were not specifically reviewing the Code of Ethics; however, the committee is drafting a Social Equity Guide and a Diversity Planning Advisory Service (PAS) report. He stated that the draft Social Equity Guide was going to be distributed for review and that it would be an opportunity to identify a proposed Code of Ethics review and considerations related to anti-discrimination. He also commended our efforts.

LGBTQ and Planning Division Past Chair and current APA Director Elected at Large, Marj Press, suggested that APA’s Ethics Officer, Jim Peters could share any past success or failure in changes to the code of ethics. She also recommended that we speak with AICP Commission President, Glen Larson, or our regional representative on the Commission.

The LGBTQ and Planning Division Chair, Tracey Corbitt, AICP, stated that they also were not reviewing the Code of Ethics; however, they were going to convey the information to the Executive Committee for further consideration and possible action.

Currently, we are awaiting a response from the division on any proposed action. It appears that there is an opportunity for collaboration between the Diversity Committee and the LGBTQ and Planning Division to review this item.

C. Action Needed Today:

- Authorize the submittal of a letter to support the Kansas Chapter’s urging of changes to the AICP Code of Ethics in regards to discrimination.

- Consider appointing a candidate to the follow-up task force as act as a liaison to the Chapter.
